October 24, 2011	1.0	Initial document creation	B. DeWayne
November 4,2011	1.1	Updated to install FB*3.5*133 directly after installing this patch	K. Clark
November 22,2011	1.2	Section 2 removed [ ] from FB FPPS TRANSMIT	K. Clark, B. DeWayne

Table of Contents

1.   Installation

```
**********************************************************************
*      After FB*3.5*122 is installed please immediately install FB*3.5*133       *
*      to avoid application/processing errors.                                    *
**********************************************************************
```

1.1.   Prerequisites

The following patches must be installed prior to FB*3.5*122

FB*3.5*121

1.2.   Pre/Post Installation Overview

The Monitor status of FB FPPS TRANSMIT option [FB FPPS MONITOR] needs to be scheduled in order to verify that the Transmit Invoices to FPPS [FB FPPS TRANSMIT] option is being run in a timely manner.

Users may be on the system during installation. If installed during the normal workday, it is recommended that the following selections in the OPTION (#19) file, and all of their descendants be disabled to prevent possible conflicts while running the KIDS Install. Other VistA users will not be affected.

Civil Hospital Main Menu [FBCH MAIN MENU]
Medical Fee Main Menu [FBAA MEDICAL MAIN MENU]
Transmit Invoices to FPPS [FB FPPS TRANSMIT]

1.3.   Installation Instructions

Install Time - less than 5 minutes

1. Choose the PackMan message containing this patch.

2. Choose the INSTALL/CHECK MESSAGE PackMan option.

3. From the Kernel Installation and Distribution System Menu, select the Installation Menu. From this menu, you may elect to use the following option. When prompted for the INSTALL enter the patch **FB*3.5*122**.

    a. Backup a Transport Global - This option will create a backup message of any routines exported with this patch. It will not backup any other changes such as DD's or templates.
    b. Compare Transport Global to Current System - This option will allow you to view all changes that will be made when this patch is installed. It compares all components of this patch (routines, DD's, templates, etc.).

    c. Verify Checksums in Transport Global - This option will allow you to ensure the integrity of the routines that are in the transport global.

4. From the Installation Menu, select the Install Package(s) option and choose the patch to install.

5. When prompted 'Want KIDS to Rebuild Menu Trees Upon Completion of Install? NO//' answer **NO**

6. When prompted 'Want KIDS to INHIBIT LOGONs during the install? YES//' answer **NO**

7. When prompted 'Want to DISABLE Scheduled Options, Menu Options, and Protocols? YES//' answer **YES**

8. When prompted 'Enter options you wish to mark as 'Out Of Order':' Enter the following
    option: Civil Hospital Main Menu [FBCH MAIN MENU]
                 Medical Fee Main Menu [FBAA MEDICAL MAIN MENU]
                 Transmit Invoices to FPPS [FB FPPS TRANSMIT]

When prompted 'Enter options you wish to mark as 'Out Of Order':' press <return>

9. When prompted 'Enter protocols you wish to mark as 'Out Of Order':' press <return>.

10. If prompted 'Delay Install (Minutes): (0 - 60): 0//' respond **0**.

2.   Post-Installation Instructions:

----
1. Ensure that the Monitor status of FB FPPS TRANSMIT option [FB FPPS MONITOR] option is queued to run on a nightly basis.

**This option should be queued to run an hour AFTER Transmit Invoices to FPPS [FB FPPS TRANSMIT] has completed processing **

In a Cache terminal session perform the following:

```
VAH>D ^XUP
  Select OPTION NAME: XUTM MGR        Taskman Management
                     --------
  Select Taskman Management Option: SCHedule/Unschedule Options
                                    ---
  Select OPTION to schedule or reschedule: FB FPPS MONITOR
                                           --------------
  Are you adding 'FB FPPS MONITOR' as
  a new OPTION SCHEDULING (the 143RD)? No// YES

                     Edit Option Schedule
    Option Name: FB FPPS MONITOR
    Menu Text: Monitor status of FB FPPS TRANSM      TASK ID: 2944533
  -----------------------------------------------------------------
```

```
     QUEUED TO RUN AT WHAT TIME: T+1@0600       *your site may be different*

   DEVICE FOR QUEUED JOB OUTPUT:

   QUEUED TO RUN ON VOLUME SET:

       RESCHEDULING FREQUENCY: 1D

            TASK PARAMETERS:

            SPECIAL QUEUEING:

   ----------------------------------------------------------------------
   Exit     Save     Next Page     Refresh

   COMMAND: SAVE                          Press <PF1>H for help   Insert
```

2. The FB FPPS MONITOR can also be run interactively for current status information. Fee Basis Administrators who wish to do this must have the option added as a secondary menu option in VistA. **This is not a mandatory step, please check with the Fee Basis Administrator to let them know about this option.**

```
                        Edit an Existing User
     NAME: FEE,ADMINISTRATOR                          Page 1 of 5
     ----------------------------------------------------------------------
        NAME... FEE,ADMINISTRATOR              INITIAL: AF
